

Group Training Fact Sheet

Job Accelerator Grant

August 2017

What is the Job Accelerator Grant?

The State Government is introducing initiatives such as the \$200 million Future Job Fund and an extension of the successful Job Accelerator Grant, offering \$10,000 for each new employee hired. This was extended in the last State Budget to offer an additional \$5000 across two years for each new apprentice or trainee.

Who is eligible?

Businesses with Australian taxable wages less than \$5 million that increase their number of South Australian employees will be eligible for the Job Accelerator Grant. A separate claim can be made for each additional full-time, part-time and casual employee where that position is maintained for at least 12 months.

What is eligible employment?

The employment of a person is included in the grant scheme if the employment meets all of the following conditions:

- the person is employed in a new job on a full-time, part-time or casual basis, but not on a seasonal basis;
- the employment commences between 1 July 2016 and 30 June 2018 inclusive;
- the services of the employee are performed wholly or mainly in South Australia; and
- the employee is a South Australian resident.

Eligible employment includes the employment of an apprentice sourced from a Group Training Organisation such as Master Builders SA Apprentices.

How do I claim the grant?

You can claim online. An application for a grant must be lodged within 90 days after the first and/or second anniversary date of employment if the employment is eligible. If you do not claim within this 90 day period you will be ineligible for a grant.

For further information regarding the Job Accelerator Grant or industry updates mentioned at the seminar, contact Master Builders SA Apprentice Management on 08 8211 7466 or at mbgtsadmin@mbasa.com.au.
